I am pleased to share my experiences on the role of technology and innovation in demonstrating meaningful progress against these challenges as we look to the future of learning. A Framework for Educational Innovation President Obama is committed to ensuring all students are trained to use technology to research, analyze and communicate in any discipline. However, we must integrate technology into the classroom in ways that research demonstrates truly help students learn. Promising approaches include facilitating public-private partnerships in the development of new curriculum incorporating emerging technologies; integrating technology throughout the classroom to transform the method by which we teach; deploying collaboration tools to support teachers in sharing best practices; and developing better student assessments to allow teachers and parents to make data-driven decisions on how to improve performance. We are making progress on these priorities and we will continue to evaluate their impact. We are also proud of OECDs...
