

Wound Care at End of Life: A Guide for Hospice Professionals (Paperback)

By Kyna Setsor Collier, Bridget McCrate Protus, Connie L Bohn

Hospiscript Services, United States, 2013. Paperback. Book Condition: New. 276 x 212 mm. Language: English . Brand New Book ***** Print on Demand *****.Quality wound care in hospice is a challenge. As patients decline, advanced disease can compromise the body's largest organ - the skin. Good wound care is essential to promoting comfort and dignity; yet with limited studies devoted to skin conditions at end of life, evidence-based guidelines specific to wound care are limited. This book provides guidance for the assessment and palliative management of wounds. Many factors influence whether healing a wound is a realistic goal. Whether the goal is for healing or for symptom relief, untreated wounds can lead to physical discomfort and impair quality of life. It is necessary that they receive appropriate intervention. IAHPC Book Review: This is my sort of manual. It's short, clear, and well set-out with algorithms and treatment tables - even a physician can understand it. It starts with the BUILD program, which looks like a bit of classic palliative care. Build trust and respect with patient and family; Understand how wound impacts on them; Information about wound care and outcomes; Listen to the patient; and Develop a plan...
