An extremely wonderful ebook with lucid and perfect explanations. I was able to comprehend almost everything using this composed e publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

SPORTING FIREARMS (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Sporting Firearms It is assumed that the reader of this booklet is familiar with gun catalogues - whence space is saved by omitting nearly everything that catalogues have to say. Let us consider rifles and shotguns from the user's standpoint, simply as tools of sport, to be judged strictly on their merits. The make of a gun, like a horse's pedigree, may be of good or ill repute; but it is not a final guarantee of merit. To prove a gun thoroughly, it must be tested both on the range and in the field. Nobody can tell from field shooting alone just what a gun's shooting qualities are; nor can anybody tell much about its killing power and serviceability until he has used it a good deal on game.
