Reviews

Good e book and valuable one. Better then never, though i am quite late in start reading this one. You are going to like how the article writer publish this publication.

(Malcolm Block)

ADVANCES IN RING THEORY

Birkhauser. Hardcover. Book Condition: New. Hardcover. 345 pages. Dimensions: 9.2in. x 6.6in. x 0.9in. The International Conference on Algebra and its Applications held in Athens, Ohio, June 1821, 2008 and sponsored by the Ohio University Center for Ring Theory and its Applications (CRA) had as its central purpose to honor Surender K. Jain, the Center's retiring first director, on the dual occasion of his 70th birthday and of his retirement from Ohio University. With this volume we celebrate the contributions to Algebra of our distinguished colleague. One of Surender's main attributes has been the way in which he radiates enthusiasm about mathematical research; his eagerness to pursue mathematical problems is contagious; we hope that reading this excellent collection of scholarly writings will have a similar effect on our readers and that you will be inspired to continue the pursuit of Ring Theory as well as Algebra and its Applications. As with previous installments of CRA conferences, the underlying principle behind the meeting was to bring together specialists on the various areas of Algebra in order to promote communication and cross pollination between them. In particular, a common philosophy of our conferences through the years has been to bring algebraists who focus on the theoretical aspects of the field with those others who embrace applications of Algebra in diverse areas. Clearly, as a reflection of the interests of the organizers, the applications we emphasized were largely within the realm of Coding Theory. The philosophy behind the organization of the conference has undoubtedly impacted this Proceedings volume. For the most part, the contributors delivered related talks at the conference itself. However, there are also a couple of contributions in this volume from authors who could not be present at the conference but wanted to participate and honor Dr. Jain on this occasion. All papers were subject to a strict process of refereeing and, in fact, not all submissions were accepted for publication. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Hardcover.
