There is, as the conjurers say, no deception about this tale. Jukes by accident stumbled upon a village that is well known to exist, though he is the only Englishman who has been there. A somewhat similar institution used to flourish on the outskirts of Calcutta, and there is a story that if you go into the heart of Bikanir, which is in the heart of the Great Indian Desert, you shall come across not a village but a town where the Dead who did not die but may not live have established their headquarters. And, since it is perfectly true that in the same Desert is a wonderful city where all the rich moneylenders retreat after they have made their fortunes (fortunes so vast that the owners cannot trust even the strong hand of the Government to protect them, but take refuge in the waterless sands), and drive sumptuous C-spring barouches, and buy beautiful girls and decorate their palaces with gold and ivory and Minton tiles and mother-o-pearl, I do not see why Jukess tale should not be true. This item ships from La Vergne, TN. Paperback.
