You need both an access code and a course ID to access MyMathLab Global. Students should request a course ID from their lecturer before buying access to MyMathLab Global. Understanding key mathematical concepts and applying them successfully to solve problems are vital skills that all engineering students must acquire. Mathematics for Engineers teaches, develops and nurtures those skills. Practical, informal and accessible, it begins with the foundations and gradually builds upon this knowledge as it introduces more complex concepts until you have learned everything you will need for your first year engineering maths course, together with introductory material for even more advanced topics. MyMathLab Global is designed to improve results by helping students quickly master concepts. Specific features For lecturers: *Comprehensive online course content - Filled with a wealth of content, MyMathLab is available as a standalone online solution or it can be tightly integrated with the author approach of your choosing. You...
