THE BIOLOGY OF DESIRE: WHY ADDICTION IS NOT A DISEASE (PAPERBACK)

Scribe Publications, Australia, 2016. Paperback. Book Condition: New. 198 x 129 mm. Language: English . Brand New Book. Through the vivid, true stories of five addicts, a neuroscientist explains how addiction happens in the brain, and what we can do to overcome it. The psychiatric establishment and rehab industry in the Western world have branded addiction a brain disease, based on evidence that brains change with drug use. But in The Biology of Desire, cognitive neuroscientist and former addict Marc...

Reviews

It is great and fantastic. I have go through and i am sure that i will likely to study again once again later on. I am just easily could possibly get a enjoyment of looking at a published book.

-- **Tad Stanton Sr.**

The publication is straightforward in study safer to recognize. It is writer in straightforward words and never hard to understand. Its been printed in an extremely straightforward way and it is just after i finished reading this book through which basically modified me, affect the way i think.

-- **Percy Bernhard**
