Brand New Book ***** Print on Demand *****.Emma Jameson is pretty darn happy with her life. She has a good job, a loving family, a decent social life, and a dog who simultaneously adores her and keeps her yard free of squirrels. But with the help of fate and her irresponsible older sister, she gets tossed into the middle of a mess, and comes out on the other side married to Mason, a stranger who makes a cement block look emotional. And let s face it, while her new husband is hot, that doesn t even begin to make up for the fact that he doesn t like dogs, and shows an equal aversion to all things messy and disordered. Too bad Emma named her beloved dog Chaos for a reason, and if she s moving into her new husband s house, the dog is moving in with her. While Emma is learning to live with an incredibly sexy but detached man, she s also faced with the disappointment of her martini-swilling grandmother (who dreamed of a wedding for Emma with a white dress and an open bar), a disapproving mother-in-law (who is convinced that Emma is a heartless gold-digger), and the kid next door who desperately wants to be a vet but finds himself next-in-line to take over his father s meat-distribution company. And Mason, God bless him, is slowly learning that order and serenity are less appealing than he d once thought, particularly when love and Chaos are on offer.
