Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from *Community Responsibility: A Review of the Cincinnati Social Unit Experiment; With Statistics of Health Services in the Unit District* The New York School of Social Work is publishing the following monograph on the experience of the Social Unit in Cincinnati, whose preparation was made possible by the National Social Unit Organization, as a definite contribution to the literature on the subject of community responsibility for social programs rather than as endorsement of any specific program. The Social Unit was the test of a plan by which the community might better know its own needs and organize to meet them. The experience of this organization has furnished valuable material in the past for class discussions in our Department of Community Organization. Comparatively little literature sufficiently in detail for teaching purposes is available in this field and therefore Mr. Dinwiddie's pamphlet, together with the other material on the National Social Unit which has been printed from time to time, seems especially valuable to the student of community organization. Mr. Dinwiddie's contact with the Social Unit as executive of the City Occupational Council makes this review particularly worth while as a scholarly criticism of the three years history of the Unit and helps the student to see the real significance of the experiment as one in community democracy rather than the superficial aspects so much discussed by the magazines and the press.
