Brand New Book ***** Print on Demand *****.One thing that ties many of the neurological disorders together is that the neurons are damaged. This is due in part to nutrition and pathogens which prevent normal functioning of the brain. These diseases have been termed diabetes of the brain. The amazing fact is that the brain neurons are damaged and the use of an easy to use product is causing recovery. This book is my effort to put information in an easy to understand approach. It is with empathy for those who are facing Alzheimer s Disease, whether as a patient or caregiver, to have information at hand which can be quickly applied.
